Re: DHR No. 2002-03669 / Date Received by DHR: April 11, 2002  
*Historic Assessment and Remote Sensing Survey of Miami Harbor, Dade County,  
Florida (Tidewater Atlantic Research, Inc. 2002) Draft Report*

Dear Mr. Duck:

Our office has received and reviewed the above referenced project in accordance with Section 106 of the *National Historic Preservation Act of 1966* (Public Law 89-665), as amended in 1992, and *36 C.F.R., Part 800: Protection of Historic Properties*. The State Historic Preservation Officer is to advise and assist federal agencies when identifying historic properties listed or eligible for listing in the *National Register of Historic Places*, assessing effects upon them, and considering alternatives to avoid or minimize adverse effects.

Results of the survey indicate that a total of 46 anomalies were identified within construction alternatives 1 - 6. All of the anomalies recorded during this survey are interpreted as modern debris based on their signature characteristics and historical research. It is the opinion of the project archaeologist that the proposed project will have no effect on any historic properties eligible for listing in the *National Register of Historic Places*. Based on the information provided, this office concurs with this determination and finds the submitted draft report complete and sufficient.

If you have any questions concerning our comments, please contact Mary Beth Fitts, Historic Sites Specialist, at [mbfitts@mail.dos.state.fl.us](mailto:mbfitts@mail.dos.state.fl.us) or (850) 245-6333. Your interest in protecting Florida's historic properties is appreciated.

Sincerely,

Janet Snyder Matthews, Ph.D., Director, and  
State Historic Preservation Officer
